Free Treatment for Veterans Policy

We participate in a program called “Homecoming for Veterans.” This is an organization comprised of neurofeedback providers willing to provide some free services for Veterans. The “free” part varies from provider to provider, so here is our policy:

The usual fee for my sessions is \$100.

We will give each Veteran FIVE FREE neurofeedback sessions. Five sessions should be enough for you to start noticing some relief from your troubling symptoms.

Sessions after the free sessions will be \$30. That’s a 70% discount.

If the \$30 fee is absolutely not affordable for you, *please talk to me*....If you know the neurofeedback is helping you, I’d like to continue to help you if possible.

You must show me your current ID or discharge papers.

This is our way of providing service to those of you who have served our country and have sustained life-changing injuries.

For more information about Homecoming for Veterans, go to www.homecoming4veterans.org

I have read and understood that after five free sessions, the fee will be \$30 per session. I am a veteran of the US Armed Forces.
